The City of San Francisco is enforcing a mandatory soft-story retrofit of most storefront wood-framed buildings. Submission of permit application and drawings for seismic retrofit are required by September 15, 2018.

WALKER CONSULTANTS, founded in 1965, can help you meet this requirement. We have a wide array of services, including seismic retrofit, building envelope and waterproofing design, emergency response services, asset management, balcony inspection, façade maintenance, and construction administration review.

CONTACT US TODAY FOR AN INNOVATIVE SOLUTION TO YOUR SOFT STORY RETROFIT.
